Education

Sreenidhi Institute of Science and Technology

Bachelor of Computer Science Engineering **GPA: 7.94**

Expected Graduation: May 2026

Hyderabad

Narayana Junior College

Telangana board of intermediate(MPC)

Eamcet Rank:5782

Marks:971

2022

Projects

Projects I mentioned are just to explore skills like Web Development, MySQL database, Operating System.

Static Map Generator

- Google Maps API to create static map visualizations. Skilled in building responsive, user-friendly interfaces using HTML and CSS. Strong understanding of geolocation features, API parameters, and custom map styling. Passionate about delivering clean, maintainable code and enhancing user experience through interactive web Components

SQL Pizza Sales Project

- This SQL project analyzed pizza sales data to derive actionable business insights into order patterns, revenue generation, and product preferences. It showcased the ability to use SQL for data retrieval, manipulation, and analysis, ultimately informing sales, marketing, and operational decisions.

QRCode Generator

- This web development portfolio showcases interactive applications, including a QR code generator (HTML/CSS/JS) and a Google Maps API-powered map tool (Python). It demonstrates strong skills in front-end development, API integration, and user-centric design.

Memory paging Simulation

- Simulated simple and demand paging in OS, implementing memory allocation, page-frame mapping, and free frame tracking.

Full Stack Movie Ticketing System

- Built a full-stack Movie Ticketing System using HTML, CSS, JavaScript, PHP, and MySQL, enabling users to book tickets online with secure payments, seat selection, and admin management — improving efficiency and user experience.

Tic Tac Toe Game

- Developed a Python-based console Tic Tac Toe game demonstrating proficiency in loops, conditionals, and list manipulation, while applying problem_solving and algorithmic thinking to implement game logic and win/draw detection

Summer Internship

- Certification of virtual internship for completing 10 weeks Google AI-ML internship supported by Eduskills.
- Certification of virtual internship for completing 10 weeks AWS Academy virtual cloud internship supported by Eduskills.
- Certification of virtual internship for completing 10 weeks Data Science Master Virtual Internship supported by Eduskills.

Skills

Languages: Python, Java, SQL, C,HTML,CSS,Java Script

Developer Tools: Git,AWS

Soft Skills: Communication, Leadership, Team work, Time management, Adaptability

Presentation Skills: MS Office,PowerBi

Problem Solving Skills: C, Java,Python

Machine Learning: K-means,SVM(Support Vector Machine),Linear Regression

Conference and workshops

BeingZero Placement Training

Organized By:BeingZero

Date:Jul 2024

Completed a structured placement training program focused on problem-solving, data structures, algorithms, and interview preparation.

Certifications

- *Introduction to data science certificate from Cisco network academy.*
- *Python essentials certificate from Cisco network academy.*
- *AI Fundamentals with IBM skillsBuild from Cisco network academy.*
- *Data Analytics Essentials from Cisco network academy.*
